The Problem

People follow a mob mentality. No one wants to be the first one to do ANYTHING. This includes dating someone, investing in someone, or using a product.

There are shortcuts to getting your online brand validation. But most people don't know how. Not everybody has the means to capture initial online interaction.

The Solution

Sproutzly, solves the problem by making it easy and cheap to get initial influence, exposure, and users.

In 5 clicks, we can get anyone on the path to positive growth.

We are your instant noodle growth hacking team.

How?

We provide 5 things for a flat \$99 fee:

1. 1,000 quality Twitter followers
2. 500 quality Facebook fans
3. Access to key influencers in target markets
4. Social Media blasts
5. A personal EXPERT growth hacking strategy

The Market

The problem **Sproutzly** solves will effect everyone at some point in their life. As people become more dependent on the internet, the need to get a leg up in breaking through the noise is ever present. Some sample Use Cases are:

Recent College students building their personal brand for the first time.

A part time blogger that wants to get more exposure.

Middle aged entrepreneurs who want a quick way to get their business validation.

Physical business that want to move their business online.
